Description

The 1/2" male plug is a threaded fitting specifically designed for the installation of components in irrigation systems. This product is suitable for both drip irrigation systems and for the conduction of water in irrigation applications, offering an efficient and reliable solution for water management.

- Material: Polypropylene (PP), known for its strength and durability in irrigation applications.
- Diameter: Available in a range of diameters from Ø1/4" to Ø3", allowing its use in various irrigation system configurations.
- Connection: Threaded, which facilitates its installation and ensures a secure and watertight connection.
- EAN13 code: 8432453013245, for easy identification and management in inventories.

Specifications

EAN	8432453013245
Thread	1/2"
