Description

The 3/4" male plug is a threaded fitting specifically designed for the installation of components in irrigation systems. This product is suitable for use in drip irrigation systems and in the conduction of water for irrigation, offering an efficient and reliable solution for water management in various agricultural and gardening applications.

- Material: Polypropylene (PP), known for its strength and durability under long-term use.
- Diameter: Available in a range of diameters from Ø1/4" to Ø3", allowing it to be adapted to different installation needs.
- Connection: Threaded, which facilitates its installation and ensures a secure, leak-free connection.
- EAN13: 8432453013252, for easy identification and inventory management.
