Product sheet

High flow quick coupling - 1/2", ABRISA.

Brand: ABRISA

Reference: GIB 004420

With an exclusive design that guarantees optimal grip, this fitting facilitates the connection of polyethylene pipes in drip irrigation systems, ensuring efficient flow and quick coupling. Its polypropylene construction provides durability and resistance under a variety of operating conditions.

Description

The 1/2" quick connect high flow fitting is designed to make connecting polyethylene (PE) pipes in drip irrigation systems easy. Made from high quality materials, this fitting ensures optimal performance and long-lasting durability under a variety of usage conditions.

- Material: Polypropylene (PP), known for its strength and durability.
- Unique design improves grip, ensuring a firm and secure connection.
- Compatibility: Specifically designed for PE pipes in drip irrigation systems.
- 1/2" quick connect fitting, facilitating simple and efficient installation.
- EAN13 Code: 8432453044201, for easy identification and inventory management.
