Description

The high-flow socket with safety ring is an essential component for drip irrigation systems, designed to facilitate the joining of pipes and ensure an efficient flow of water. Made with high-quality materials, this socket guarantees durability and resistance under various conditions of use.

- Material: Polyethylene (PE), which offers excellent resistance to corrosion and chemicals.
- Safety ring: Provides greater resistance to pressure, ensuring a firm and stable connection.
- Easy installation: Designed for quick and easy connection, without the need for specialized tools.
- Color: Combination of black and red, which makes it easy to identify in the irrigation system.
- Measurements: Available in various sizes to adapt to different installation needs.
- EAN13: 8432453012477, for easy identification and inventory management.
