Description

The Standard 12 Acetal Fitting for PE pipes is an essential component for joining pipes in drip irrigation systems. Made of acetal resin (POM), this product stands out for its high strength and durability, making it a reliable choice for irrigation installations. Its unique design allows for a better grip, ensuring firm and stable connections that minimize the risk of leaks. The 100-unit bag presentation makes it easy to use in large-scale projects, ensuring you always have the necessary quantity on hand for your installations.

- **Product Type:** Standard 12 Acetal Fitting
- **Material:** Acetal Resin (POM)
- **Use:** Joining PE pipes in drip irrigation systems
- **Design:** Exclusive for better grip
