Description

The Acetal Regular Fitting is an essential component for drip irrigation systems, specifically designed to efficiently and securely join polyethylene (PE) pipes. Made from Acetal Resin (POM), this fitting offers a durable and reliable solution for agricultural and gardening installations, ensuring optimal performance in various environmental conditions.

- Material: Acetal Resin (POM), known for its high strength and durability.
- Diameter: 18 mm, suitable for standard drip irrigation pipes.
- Available colors: Green, brown and black, to suit different aesthetic needs and camouflage in the environment.
- Exclusive design that improves grip, ensuring a secure connection and preventing leaks.
- EAN13: 8432453090970, for easy identification and inventory management.
