Fitting Nut - 40mm, ABRISA

Brand: ABRISA

Reference: GIB 003576

Nut designed for replacing unions in polyethylene systems, made of durable material that guarantees durability and efficient connection. Its versatility adapts to a variety of applications, offering effective solutions in hydraulic and irrigation installations. Available in multiple diameters to meet different needs.

Description

The 40mm fitting nut is an essential component for replacing polyethylene (PE) fittings, designed to ensure secure and long-lasting connections in piping systems. Manufactured from high-quality polyethylene, this nut offers excellent corrosion and impact resistance, ensuring optimal performance in a variety of applications.

- Diameter: 40 mm
- Material: Polyethylene
- Compatibility: Polyethylene (PE) fittings
- Durability: High corrosion and impact resistance
- EAN13: 8432453035766
- Availability: Six different diameters
