Product sheet

Fitting Nut - 63mm, ABRISA

Brand: ABRISA

Reference: GIB 003615

63 mm polyethylene nut, suitable for joining pipes of the same material. Its design ensures a robust and reliable connection, making it ideal for various applications in fluid conduction systems. Its versatile diameters allow it to adapt to multiple installation requirements.

Description

The 63mm fitting nut is an essential component for replacing polyethylene (PE) fittings, designed to ensure a secure and efficient connection in piping systems. Manufactured from high-quality polyethylene, this nut offers durability and corrosion resistance, ensuring optimal performance in a variety of applications.

- Diameter: 63 mm
- Material: Polyethylene (PE)
- Compatibility: Polyethylene fittings
- EAN13: 8432453036152
- Available in six different diameters to suit a variety of needs
