Description

The 25A flush-mounted socket is an efficient and safe solution for electrical installations in the home or in industrial environments. Designed to deliver optimal performance, this flush-mounted socket outlet ensures a reliable and long-lasting electrical connection, suitable for appliances that require a higher current capacity, such as ovens and ceramic hobs.

- **Flush-mounted socket outlet:** Designed to blend discreetly into the wall, providing a clean and tidy appearance.
- **Two-pole plug with earth contact:** Provides a secure and stable connection, minimizing the risk of electric shock.
- **25A/250V capacity:** Withstands a high electrical load, suitable for energy-intensive appliances.
- **Surface installation:** Allows for quick and easy installation on a variety of surfaces, adapting to different mounting needs.
- **White color:** Its white finish integrates easily into any environment, combining with different decoration styles.
