

## Product sheet

**Multiple base with T/T and protector - 3 sockets - 3M, KRANG.**

Brand: KRANG

Reference: GIB 006016

Electrical connection device that allows the safe integration of multiple appliances. Its design includes a switch for efficient energy management. With a robust construction, it is ideal for environments that require constant and reliable electrical use.

[View product online](#)**Description**

The multiple base with T/T and protector is a practical and safe solution for connecting multiple electrical appliances in one place. Designed for convenience and efficiency, this multiple base is suitable for use in domestic and professional environments. Its white design integrates easily into any space, providing a clean and discreet appearance.

- It includes three power sockets, allowing the simultaneous connection of multiple devices.
- Equipped with an on/off switch, making it easy to control the power supply to the connected devices.
- Current capacity of 16 amps and voltage of 250 volts, ensuring reliable and safe performance.
- The cable has a section of 3x1.5mm<sup>2</sup>, guaranteeing adequate electrical conduction and resistance.
- EAN13: 8435240702230
