Description

The flat cable with a step-through switch and heat-welded plug is a practical solution for connecting electrical devices safely and efficiently. Designed for simple installation and convenient use, this cable comes in a stylish white color that blends easily into any environment.

- Length: 2 meters, providing adequate extension for a variety of applications.
- Color: Available in white, allowing for discreet integration into different spaces.
- Step-through switch: Makes it easy to turn devices on and off without having to disconnect the cable from the power outlet.
- Heat-welded plug: Ensures a firm and long-lasting connection, minimizing the risk of accidental disconnections.
- EAN13: 8432453085754, for accurate product identification in inventories and management systems.
