Description

The 50-meter professional cable reel is an efficient solution for managing cables in environments that require significant extension. Designed for durability and functionality, this cable reel is packed with features that make it suitable for use in a variety of technical and professional applications.

- Four power outlets: Equipped with four outlets, allowing multiple devices to be connected simultaneously, optimizing energy use in the workplace.
- Plastic drum and steel stand: The combination of a durable plastic drum and a robust steel stand ensures stability and durability, even under intensive use.
- H05-VVF type hose: Incorporates a hose with three 1.5 mm² thick wires, providing excellent electrical conductivity and wear resistance.
- Cable length: Available in 25 or 50 meter versions, offering flexibility to adapt to different reach and space needs.
- EAN13: 843245301698: Unique identification that ensures the traceability and authenticity of the product on the market.
