Description

The 25A single-pole thermal-magnetic switch is an essential device for the protection of electrical installations. Designed to safeguard both the electrical infrastructure and the connected appliances, this switch offers effective defense against short circuits and overloads in single-phase or two-phase systems.

- Caliber: 25A
- Type: Single-pole + neutral
- Protection: Against short circuits and overloads
- Application: Single-phase and two-phase installations
- EAN13 code: 8435240704388

Specifications

Rated current (A)	25
EAN	8435240704388
