Description

The wooden-handled nutcracker is a practical and efficient tool designed to make cracking walnuts, hazelnuts, and other nuts easier. Its design combines the strength of metal with the warmth and comfort of wood, offering a comfortable and safe user experience. This nutcracker is a reliable choice for those looking for a durable and functional utensil in their kitchen.

- **Materials:** Made with a sturdy metal frame that ensures durability and a wooden handle that provides a comfortable and secure grip.
- **Ergonomic Design:** The wooden handle is designed to fit comfortably in the hand, reducing fatigue during prolonged use.
- **Lever Mechanism:** The lever system allows you to apply the necessary force to break nut shells with ease and precision.
- **Versatility:** Suitable for a variety of nuts, including walnuts, hazelnuts, and almonds, thanks to its adaptable design.
- **Dimensions:** Compact and easy to store, with a size that allows it to be used in different kitchen environments.
- **Finish:** The metal features a polished finish that not only improves its appearance, but also makes it easier to clean and maintain.
- **Safety:** The design minimizes the risk of injury by keeping hands away from the pressure mechanism.
