Description

The adjustable brass lance with quick connection is a tool designed to offer convenience and functionality in watering and cleaning tasks. Its brass construction ensures durability and resistance, while the quick connector makes it easy to use and connect to other irrigation equipment.

- Material: Made of brass, which provides high corrosion resistance and a long service life.
- Quick connector: Includes a quick connection system that allows simple and efficient coupling with hoses and other irrigation accessories.
- Adjustable regulation: The lance allows you to adjust the water flow, offering precise control over the pressure and range of the jet.
- Compatibility: Designed to be compatible with most standard irrigation systems, making it easy to integrate into existing configurations.
- Dimensions: Compact and lightweight, making it easy to handle and store.
- Versatile use: Suitable for a variety of applications, from garden watering to cleaning outdoor surfaces.
