Description

The pool hose cleaner for 32mm diameter pools is a tool designed to ensure efficient and practical cleaning of your pool. This innovative device uses the Venturi effect to maximize suction, allowing for the effective collection of dirt and debris from the bottom without the need for a filter system. Its ergonomic and functional design makes it easy to use, making it an ideal choice for those looking to keep their pool in optimal condition.

- Optimized shape to create a venturi effect that improves suction.
- Does not require the use of a filter pump to operate.
- Compatible with poles with a diameter of Ø32mm.
- Clip-on fixing system adaptable to wing nuts for easy installation.
- Includes a quick-connect sleeve for easy assembly.
- Robust construction that ensures durability and resistance to frequent use.
- Lightweight and easy to handle, ideal for users of all levels.
- Design that allows for deep cleaning in hard-to-reach areas.
- Compatible with standard hoses, which expands its versatility.
- Easy to store when not in use, taking up little space.
