Product sheet

Multipurpose drill bit 3x60mm, TOLSEN

Brand: TOLSEN

Reference: GIB 175460

High-precision drill bit designed to efficiently drill through a variety of materials. Its TCT tip ensures long-lasting performance, while the cylindrical shank makes it easy to use with a variety of tools. The chrome-plated finish provides corrosion resistance, ensuring a long service life in professional applications.

Description

The Tolsen 3x60mm multi-purpose drill bit is a versatile tool designed to deliver optimal performance in a wide variety of drilling applications. Made from high-quality materials, this drill bit ensures durability and precision with every use, adapting to different types of materials with ease.

- High-quality TCT tip: The drill bit is equipped with a tungsten carbide (TCT) tip that provides excellent wear resistance and a long service life.
- 130° overall angle: The 130-degree cutting angle design allows for efficient and precise drilling, reducing the effort required during use.
- Cylindrical shank: The cylindrical shank ensures a secure fit in the drill chuck, providing stability and control while drilling.
- Chrome-plated surface treatment: The chrome-plated surface of the drill bit offers additional protection against corrosion, ensuring consistent performance over time.
- Multipurpose: Designed to drill stably in a variety of materials, including wood, metal, plastic, and more, making it an indispensable tool for any project.
