Description

The 20mm padlock is a reliable and durable security solution, designed to effectively protect your belongings. Made from high-quality materials, this padlock offers superior resistance to corrosion and wear, ensuring optimal performance in various environmental conditions.

- **Material:** Brass, known for its durability and corrosion resistance.
- **Shackle:** Hardened and chrome-plated steel, providing greater resistance to cutting and tampering.
- **Locking System:** Double bolted, offering additional security by making forced opening difficult.
- **Interior:** Stainless internal components, ensuring smooth and long-lasting operation even in humid environments.
- **Keys:** Includes three brass keys, ensuring reliable and long-lasting access.
