Description

The 60mm padlock is a robust and reliable security solution, designed to effectively protect your belongings. Made from high-quality materials, this padlock offers durability and resistance to a variety of environmental conditions.

- Material: Brass, providing excellent corrosion resistance and durability.
- Shackle: Made from tempered and chrome-plated steel, increasing its resistance to cutting and tampering.
- Double-bolted: Provides greater security by making the padlock difficult to force open.
- Stainless steel interior: Designed to resist rust, ensuring smooth and long-lasting operation.
- Keys: Includes three brass keys, ensuring safe and reliable access.
- Available in various sizes: Allows you to choose the size that best suits your specific needs.
