Description

The Tolsen 16mm Bi-Metal Hole Saw is a high-precision tool designed for drilling in a wide variety of materials. Made of HSS M3 Bi-metal, this hole saw combines the durability of high-speed steel with the flexibility of carbon steel, ensuring exceptional performance and a long service life. With a cutting depth of 38mm, it is ideal for jobs requiring deep and precise drilling. Its verifiable teeth, with a 4-6 TPI setting, allow for efficient and clean cutting, minimizing the risk of breakage or tearing of the materials. The boxed packaging ensures proper protection and storage of the tool.

- **Cutting Depth:** 38 mm
- **Material:** HSS M3 Bi-metal
- **Verifiable Teeth:** 4-6 TPI
- **Packaging:** Boxed
- **EAN13:** 6933528777793
- **Use:** Drilling in various materials
- **Design:** Efficient and durable
- **Applications:** Ideal for woodworking and construction work
- **Compatibility:** Standard power tools
- **Performance:** Clean and precise cut
