Description

The Tolsen metal pipe cutter is a tool designed to offer precision and efficiency in cutting metal pipes. Its robust construction and advanced technical features make it suitable for jobs that require precise and consistent cuts.

- **Aluminum alloy central body:** Provides a lightweight yet resistant structure, ensuring durability and ease of handling during use.
- **Incorporates 4 wheels:** These additional wheels allow for a more precise and stable cut, reducing the risk of deviations and ensuring a clean finish.
- **Cutting capacity:** Designed to cut metal pipes with a diameter ranging from 6 mm to 64 mm, offering versatility for different pipe sizes.
