Description

The Tolsen Telescopic Flashlight with 3 Moving LEDs is a versatile tool designed to provide illumination in tight and hard-to-reach spaces. Its compact and functional design makes it a practical choice for a variety of applications, from maintenance work to outdoor activities.

- Aluminum housing: Made with resistant materials that guarantee durability and impact protection.
- Magnetic ends: Allow the flashlight to adhere to metal surfaces, making it easier to use in environments where hands-free use is required.
- Extendable body: Adjustable from 17.5 cm to 57 cm, allowing you to reach hard-to-reach areas with ease.
- Articulated head: Offers flexibility in the direction of the light, adapting to different angles and lighting needs.
- Voltage: 3V, suitable for efficient LED performance.
- Power: Requires 4 LR44 batteries (not included), providing a reliable and easy-to-replace power source.
- Illumination: Equipped with 3 ultra-bright LEDs that Ensure clear, powerful visibility in low-light conditions.
- Assorted Colors: Available in a variety of colors, offering options for different aesthetic preferences.
