Description

The Tolsen 1/2" drive socket, with an 8mm diameter, is a tool designed to offer durability and precision in mechanical and maintenance work. Made from high-quality materials, this socket wrench ensures optimal performance in a variety of applications.

- Material: Made from 50BV30 steel, known for its strength and durability, and heat-treated to improve its robustness.
- Regulations: Complies with DIN3124 and ISO2725-1 standards, ensuring that the tool conforms to international quality and safety specifications.
- Driver: Equipped with a 1/2" square drive compliant with DIN 3120 and ISO 1174 standards, allowing for a precise and secure fit in mating tools.
- Finish: The polished surface and chrome-plated finish not only provide a professional appearance but also offer resistance to corrosion and wear, prolonging the life of the tool.
