Description

The TOLSEN 27mm 1/2" drive long socket is a tool designed to offer durability and precision in mechanical and maintenance work. Made of high-quality materials, this socket guarantees optimal performance in various professional applications.

- Material: Made of 50BV30 steel, known for its strength and durability, and heat treated to improve its performance.
- Regulations: Complies with DIN3124 and ISO2725-1 standards, ensuring compatibility and quality in professional use.
- Driver: Incorporates a 1/2" square driver compliant with DIN 3120 and ISO 1174 standards, allowing for a precise and secure fit.
- Finish: The polished surface with chrome finish not only provides a professional appearance but also offers resistance to corrosion and wear.
