Description

The 4.8x50mm flat head self-tapping screw with a drill point is an ideal solution for metal and steel applications. Designed for optimal performance, this screw features a truss head that allows for easy insertion and a secure fit in various surfaces. Its galvanized surface provides excellent corrosion resistance, making it suitable for harsh environments. This screw is perfect for fixing steel sheets, as well as securing wire mesh to metal studs or joining metal and aluminum together.

- **Head Type:** Phillips
- **Head Design:** Truss Head
- **Surface Treatment:** Galvanized
- **Applications:** Fixing to steel sheets
- **Usage:** Fixing wire mesh to metal studs
- **Compatibility:** Metal and aluminum to metal or aluminum
- **Size:** 4.8x50mm
- **Packaging:** Color box
- **EAN Code:** 6933528754763

This screw is a reliable choice for professionals and DIYers looking for a durable and efficient product for their construction and repair projects.
