Description

6mm tile spacers are an essential tool for ensuring an even, professional finish on any tiling project. Designed to provide precise tile spacing, these spacers ensure perfect alignment and efficient installation.

- Spacer size: 6mm, ideal for maintaining even tile spacing.
- Packaging: Available in bags of 1,000, making them easy to use on large projects.
- Material: Made from high-quality materials that are resistant to deformation, ensuring durability during the installation process.
- EAN13 code: 8425685294681, for easy identification and inventory management.
- Design: The spacers are designed to be easily removable once the adhesive has dried, leaving no residue.
