Description

The 90°, 35mm cup hinge is an efficient solution for installing doors in corner cabinets, offering a soft, controlled closing thanks to its cushioning piston. Designed for easy assembly and disassembly, this hinge is a practical option for those seeking functionality and durability in their woodworking projects.

- Integrated cushioning piston for soft door closing.
- Clip-on mounting system that allows easy assembly and disassembly of the door.
- Compatible with doors between 14 and 22 mm thick.
- Precise door adjustment using an eccentric screw.
- Built-in spring both in closing and opening for greater stability.
- 90° opening degree, ideal for corner cabinets.
- Cup depth of 11.5 mm.
