### Description

The straight cup hinge with clip and slow closing is an efficient solution for mounting doors on furniture, offering smooth and quiet operation. Designed for easy installation and adjustment, this hinge is suitable for a variety of applications in the home or professional environment.

- Cushion piston: Ensures a smooth and controlled closing of the door, minimizing noise and wear.
- Clip mounting system: Allows easy assembly and disassembly of the door, optimizing installation time.
- Door thickness compatibility: Designed for doors with a thickness between 14 and 22 mm, offering versatility in its application.
- Eccentric screw adjustment: Facilitates precise adjustment of the door, ensuring perfect alignment.
- Integrated spring: Provides support both when closing and opening the door, improving functionality.
- Opening degree: Offers an opening angle of 105°, allowing comfortable access to the interior of the furniture.
- Depth of the Cup: With a depth of 11.5 mm, it adapts to different furniture designs without compromising aesthetics.
