

## Product sheet

**Brass security cylinder - 60  
(30x30mm), MHA**

Brand: MHA

Reference: GIB 009893

Brass security cylinder with a robust design that guarantees effective protection. Its structure incorporates multiple pins and anti-drill elements, making it a suitable choice for environments requiring a high level of security in locking systems.

[View product online](#)**Description**

The 60mm (30x30mm) brass security cylinder is a robust and reliable solution for improving door security in residential and commercial environments. Precision engineered, this cylinder offers a combination of durability and strength, ensuring optimal performance over time.

- Material: High quality brass, providing corrosion resistance and a long service life.
- Dimensions: 60mm total length, with a 30x30mm configuration, suitable for a wide variety of doors.
- Keys: Includes a set of 5 keys, allowing secure and controlled access.
- Security: Equipped with 6 pins and 2 anti-drill bars, offering advanced protection against tampering and drilling attempts.
- EAN Code: 8430863002415, for easy identification and reference in inventories.
