That Galvanized Bag - N3 - 50 units

Brand: GIBALTO

Reference: GIB 009678

This connecting element is ideal for efficiently and securely hanging objects. Its symmetrical design and appropriate proportions ensure optimal performance in lightweight applications. Additionally, its coating provides corrosion resistance, making it a durable option for a variety of tasks.

Description

The galvanized S is an essential component for making safe and efficient connections to objects intended to be hung. Its S-shaped design ensures a symmetrical and balanced application, providing stability and safety in use.

- Material: Galvanized steel, which offers optimal resistance to corrosion.
- Shape: S-shaped design that guarantees even load distribution.
- Capacity: Not recommended for heavy workloads.
- Dimensions: Precise proportionality between length and thickness for safe application.
- Quantity: Available in bags of 50 units.
- EAN13 code: 8435163975209.
