That's Galvanized Bag - N4 - 50 pcs

Brand: GIBALTO

Reference: GIB 009679

This connecting element is ideal for efficiently and securely hanging objects. Its symmetrical design and appropriate proportions ensure optimal performance in lightweight applications. Additionally, the galvanized coating provides corrosion resistance, making it a durable option for a variety of tasks.

Description

The galvanized S-shaped cable tie is an essential component for making safe and efficient connections, specially designed for objects that require hanging. Its S-shaped design ensures a safe and reliable application, thanks to its symmetry and carefully calculated proportions.

- Material: Galvanized steel, which provides optimal corrosion resistance.
- Shape: S-shaped design that ensures even load distribution.
- Load capacity: Not suitable for heavy workloads, recommended for light applications.
- Dimensions: Precise proportionality between length and thickness to ensure stability.
- Quantity: Available in bags of 50 units.
- EAN13 code: 8426241372997, for easy identification and inventory management.
