That's Galvanized Bag - N5 - 25 units

Brand: GIBALTO

Reference: GIB 009680

This element is ideal for joining objects intended to be hung, offering a practical and economical solution. Its symmetrical design ensures secure application, while the galvanized coating provides corrosion resistance, although it is not recommended for heavy loads.

Description

The galvanized "S" is an essential component for making safe and efficient connections to objects intended to be hung. Its "S" shaped design ensures a safe and reliable application, thanks to the symmetry and proportionality between its dimensions and thickness.

- Material: Galvanized steel for greater corrosion resistance.
- Shape: Symmetrical "S" design that provides stability and security.
- Use: Suitable for light joints, not recommended for heavy workloads.
- Quantity: Available in bags of 25 units.
- EAN13 code: 8426241373024.
