Description

The galvanized 'R' pin is an essential component in various industrial and DIY applications. Designed to provide a secure and reliable hold, this pin is made from high-quality materials that ensure durability and corrosion resistance. Available in different sizes, it adapts to multiple needs and projects, providing a versatile and efficient solution.

- Material: Galvanized steel, which provides excellent resistance to corrosion and wear.
- Diameter: 4 mm, suitable for a wide range of applications.
- Shape: 'R', designed for easy installation and removal without the need for additional tools.
- Presentation: Bag of 10 units, ideal for projects that require multiple fixing points.
- EAN13 code: 8435163972031, for easy identification and inventory management.
- Compatibility: Available in different sizes to suit various needs and applications.
