Description

The WADFOW Double Roller Latch - Galvanized is a robust and efficient solution for securing doors and gates. Designed to offer smooth and long-lasting operation, this latch system is ideal for both residential and commercial applications. Its galvanized steel construction provides superior corrosion resistance, ensuring a long life even in adverse conditions.

This model includes two double roller latch pieces, allowing for secure and reliable closing. With a size of 1-1/4" and a thickness of 0.6mm, it adapts to various installation needs. In addition, the product comes with the necessary fasteners to facilitate its assembly.
