[View product online](#)**Description**

The WADFOW Claw Hammer, model WHM3308, is a tool designed to offer durability and efficiency in carpentry and construction work. Weighing 220 grams, this hammer combines high-quality materials and an ergonomic design for easy use in a variety of applications.

- **Forged Hammer Head:** The hammer head is forged to ensure greater strength and durability, allowing for extended use without compromising its structural integrity.
- **Heat Treated, 45# Carbon Steel:** The 45# carbon steel used in the manufacture of the hammer head has undergone heat treatment, which improves its hardness and wear resistance.
- **Uniquely Designed Fiberglass Handle:** The handle is made of fiberglass, a material known for its lightness and strength. Its unique design provides a comfortable and secure grip, reducing fatigue during use.
- **Labeled:** The hammer is presented with a label that makes it easy to identify and provides relevant information about the product.
