Description

The WADFOW Left Hand Shears (Cod. WAS1410) are a specialist tool designed to provide precise and efficient cutting in metal materials. Measuring 250mm (10 inches), these aviation shears are ideal for jobs requiring agile and controlled handling, particularly in applications where a left hand cut is required. Their ergonomic design includes a soft, two-tone handle, providing comfort during extended use and reducing hand fatigue.

These shears are manufactured to withstand a maximum cutting thickness of carbon steel up to 1.2mm and stainless steel up to 0.7mm, making them a versatile tool for professionals and DIY enthusiasts. Its double-sided blister packaging ensures proper presentation and protection during transport.
