ergonomic handle**

Brand: Witte

Reference: TUR 53011

The Witte-53011 screwdriver features an ergonomic handle and a high-alloy steel shaft. Its triangular design and black tip ensure high strength and torque, ideal for safe and powerful work. Dimensions: 5.5 x 100 mm.

[View product online](#)**Description**

The Witte-53011 MAXX Hex Flathead Screwdriver (5.5x100) is a tool designed to deliver exceptional performance for jobs requiring strength and precision. Its special high-alloy steel shaft ensures superior durability, while its matte chrome finish provides corrosion resistance and a secure grip. The black tip is designed to maximize strength and tightening torque, making it an ideal choice for demanding tasks.

The two-component triangular handle, in a stylish gray/blue color, has been ergonomically designed to fit comfortably in the hand, allowing for an optimal 120° turning angle.

This not only improves comfort during prolonged use, but also reduces user fatigue, ensuring more efficient and safer work.

- High-alloy steel rod
- Matte chrome finish
- Black tip for increased strength and tightening torque
- Ergonomic two-component triangular handle
- Color: Gray/Blue
- Hand rotation angle: 120°
- Strong and flexible design
- Ideal for safe and powerful work
