Description

The MAXX Witte-53026 (5.5x200) straight-end screwdriver is a tool designed to deliver exceptional performance in jobs requiring strength and precision. Its robust yet flexible construction makes it an ideal choice for professionals and DIY enthusiasts looking for a reliable screwdriver. The triangular handle, made of two gray and blue components, provides an ergonomic grip that fits perfectly in the hand, allowing for extended use without fatigue. The shaft is made of special high-alloy steel, ensuring superior durability and wear resistance. Furthermore, its matte chrome finish and acid-etched dimensions ensure clear and easy-to-read identification.

- **Ergonomic handle** for a comfortable and secure grip.
- **High-alloy steel shaft** that provides strength and durability.
- **Strong and flexible design** for powerful and safe work.
- **Two-component triangular handle** in gray/blue.
- **Matte chrome shaft** with acid-etched dimensions.
- **Black tip** that offers greater strength and tightening torque.
- **120° swivel angle** for optimal ergonomics.
- **Ideal for professional and DIY use.**
- **Dimensions:** 5.5 mm tip and 200 mm length.
