Description

The Witte MAXX VDE (5.5x125) insulated flathead screwdriver is a tool specifically designed for professionals in the electrical and electronic engineering fields. Its ergonomic design and the use of high-quality materials ensure the strength, safety, and precision needed for demanding tasks. Each screwdriver undergoes individual testing in a 10,000-volt water bath, ensuring its safe use in applications with voltages up to 1,000 V, in compliance with EN 60900/IEC 60900 standards. The two-component, triangular handle, in red and yellow, is designed with a 120° angle, optimizing hand rotation and providing greater tightening torque.

- **Model:** Witte-53705
- **Type:** Insulated flat-head screwdriver
- **Dimensions:** 5.5 x 125 mm
- **Maximum voltage:** 1,000 V
- **Testing:** Individually tested at 10,000 V
- **Standards:** Complies with EN 60900/IEC 60900
- **Handle:** Two-component triangular
- **Colors:** Red and yellow
- **Rotation angle:** 120°
- **Use:** Applications in electrical and electronic engineering

Specifications

High	4,50
Width	4,50
EAN	4003955237145
Manufacturer	WITTE

Weight (kg)	0,1000
Depth	25,00
