WITTRON precision screwdriver with flat tip 0.16x0.8x1.8x40 mm.

Brand: Witte

Reference: TUR 89711

WITTRON Witte-89711 precision screwdriver with flat tip (0.16x0.8x1.8x40). Designed for detailed work, it offers comfort in various positions and access to deep screws. Its ergonomic, non-slip handle and matte chrome-plated steel shaft ensure durability and efficiency.

[View product online](#)**Description**

The WITTRON Witte-89711 precision screwdriver is a tool designed to meet the needs of the most delicate and demanding jobs. Its design allows easy access to deep screws, making it an ideal choice for assembly and repair tasks in confined spaces. Thanks to its ergonomic two-component handle, this screwdriver provides a non-slip grip that ensures comfortable and secure handling, allowing for various working positions without compromising efficiency.

The shaft is made of special high-alloy steel, guaranteeing exceptional durability and wear resistance. Its matte chrome finish not only provides a professional look but also helps prevent corrosion.

The black tip is designed to offer greater precision and control with every turn.
