Brand: Witte

Reference: TUR 89719

WITTRON Witte-89719 precision screwdriver with flat tip (0.50x3.0x3x150). Designed for detailed work, it features an ergonomic, non-slip handle and access to deep screws. Made with a matte chrome-plated special steel shaft and a black tip.

[View product online](#)**Description**

The WITTRON Witte-89719 precision screwdriver is a tool designed to meet the needs of the most delicate and demanding jobs. Its design allows easy access to deep screws, making it an ideal choice for assembly and repair tasks in confined spaces. The shaft is made of special high-alloy steel with a matte chrome finish that guarantees durability and wear resistance. The black tip provides visual contrast that facilitates alignment and precise handling.

The screwdriver handle is ergonomically designed with two non-slip components, ensuring a firm and comfortable grip in various working positions.

This allows the user to perform prolonged tasks without fatigue, increasing efficiency and precision with each use.
