Description

The Witte-89765 precision screwdriver is a tool designed to meet the needs of the most delicate and demanding jobs. Its 2x50 mm hexagonal tip allows easy access to deep screws, facilitating work in confined spaces. Thanks to its ergonomic design, the two-component, non-slip handle provides a secure and comfortable grip, allowing for multiple working positions without compromising efficiency. The shaft is made of special high-alloy steel with a matte chrome finish that guarantees durability and wear resistance. The black tip not only adds an aesthetic touch but also improves visibility during use.
