Description

The Witte-89766 precision screwdriver, with a WITTRON hexagonal tip (2.5x60), is a tool designed to meet the needs of the most delicate and demanding jobs. Its design allows easy access to deep screws, making it an ideal choice for assembly and repair tasks in confined spaces. Thanks to its ergonomic two-component handle, this screwdriver provides a non-slip grip, ensuring comfort and control during use. The shaft is made of special high-alloy steel with a matte chrome finish that guarantees durability and wear resistance. The black tip not only adds an aesthetic touch, but is also designed to offer a precise fit on hexagonal screws.
