Description

The Witte-89792 precision screwdriver, with a WITTRON hexagonal socket (6x60), is a tool designed to meet the needs of the most delicate and demanding jobs. Its design allows easy access to deep screws, making it an ideal choice for tasks in confined spaces. Thanks to its ergonomic, two-component, non-slip handle, the user can work in various comfortable positions, ensuring a firm and controlled grip during use. The shaft is made of special high-alloy steel with a matte chrome finish that provides durability and wear resistance, while the black tip ensures greater visibility and precision.
