Description

The Witte-43602 XZN offset wrench is a high-quality tool designed to deliver exceptional performance in mechanical and maintenance applications. Manufactured from blued chrome vanadium steel according to DIN 65253, this wrench combines durability and corrosion resistance, ensuring a long service life even under demanding working conditions. Its angled design allows easier access to screws in confined spaces, facilitating work in hard-to-reach areas.

- **Material:** Black chrome vanadium steel
- **Standards:** Complies with DIN 65253
- **Dimensions:** 6 mm diameter and 80 mm length
- **Design:** Angled for easy access
- **Resistance:** High corrosion resistance
- **Use:** Ideal for mechanical and maintenance applications
- **Ergonomics:** Design for a comfortable grip
- **Versatility:** Compatible with a variety of XZN screws
- **Finish:** Black oxide for durability
- **Manufacturer:** Witte, renowned for its quality tools
