## Description

Witte's Phillips STANDARD tip is a versatile accessory designed for most bolting applications, offering a reliable and durable solution.

Technical characteristics

- Type: Point Phillips (PH)
- Size: PH 2
- Guide: 1/4"
- Geometry: Reduced tip
- Length: Cut
- Country of origin: Germany

Due to its robust construction and size PH 2, this tool is suitable for handling high torque values, being especially effective in wood screws. In addition, its design allows for a long duration even when working with metal threaded metric screws, ensuring consistent performance in the face of torque increases.
