Description

The Witte screw tip model PH3x25 is a precision tool designed for applications that require high durability and torque resistance, especially in the threading of metric screws on metal.

Technical characteristics

- Tip type: Standard Phillips (PH)
- Guide drill size: 1/4"
- Tip size: PH 3
- Total length: 25 mm
- Coating: Titanium nitrate (TIN)
- Hardness Wickers: ~2800 HV
- Origin: Germany

The TIN coating gives a hardness three times higher than the extra-tips, preventing premature wear and abrasion break in demanding working conditions.

Specifications

EAN	4003955317311
Manufacturer	Witte
