Product sheet

Phillips STANDARD-E extra hard guide tip 1/4" short PH2x25

Brand: Witte

Reference: TUR 27121

This Phillips STANDARD-E tip from Witte features extra hard construction to reduce wear in screwing operations. Its short 1/4" guide facilitates working with self-spinning screws on metal sheets or agglomerates, effectively managing constant torsion increments and ensuring optimal precision in the application of the PH2x25 model.

Description

The extra-hard Phillips STANDARD-E tip from Witte, model PH2x25 with 1/4" guide, is designed specifically for applications that require high precision and wear resistance in low torsion screws or constant increments.

Technical characteristics

- Tip type: Phillips (PH)
- Size: PH 2
- Total length: 25 mm
- Guide diameter: 1/4"
- Hardness: Extra hard
- Presentation: Granel
- Origin: Germany

Its high hardness at the final end significantly reduces wear, ensuring optimal performance when working with self-spinning screws on metal sheets or agglomerates.

Specifications

EAN	4003955315584
Manufacturer	Witte
