Description

The Witte Phillips STANDARD-E extra hard 1/4" short guide bit (PH3x25) has been specifically designed for screwdriving applications requiring precise torque control. Ideal for self-tapping screws in sheet metal or particleboard, this bit excels at handling consistent torque increments, making it an essential tool for high-precision work. Its high hardness minimizes wear at the end, ensuring greater durability and performance with every use.

- **Tip Type:** Phillips STANDARD-E
- **Size:** PH3x25
- **Guide:** 1/4" short
- **Applications:** Lower torque screwdriving
- **Material:** High hardness steel
- **Recommended Use:** Screws Self-tapping screws for sheet metal and composites
- **Durability:** High wear resistance
- **Torque increments:** Constant and controlled
- **Design:** Optimized ergonomics for a better grip
- **Compatibility:** Standard screwdriving tools

Specifications

EAN	4003955315591
Manufacturer	WITTE
Weight (kg)	0,0100
