Product sheet

Short STANDARD-E extra hard Phillips guide tip 1/4" with reduced tip

Brand: Witte

Reference: TUR 27123

Witte's Phillips STANDARD-E tip features an extra-hard construction designed to reduce wear on low twist screws and self-spinning. Its short 1/4" guide and reduced tip geometry optimize precision on metal sheets and agglomerates, ensuring operational durability in demanding industrial applications.

Description

Witte's Phillips STANDARD-E tip, identified as P1-01-033-V05, is an accessory specifically designed for bolting operations that require constant twist resistance and lower turning force. Its extra-hard construction minimizes wear at the end during prolonged use.

Technical characteristics

- Tip type: Phillips (PH)
- Size: PH 2
- Size Cowboys: 25
- Guide: 1/4"
- Material: Extra hard
- Tip Settings: Reduced
- Presentation: Granel
- Country of origin: DE

Due to its high hardness and reduced geometry, this tool is suitable for applications that seek to reduce premature wear in materials that generate constant torsion increments during the fixing process.

Specifications

EAN	4003955316536
Manufacturer	Witte
